

HEPATITIS FOUNDATION  
INTERNATIONAL

## WEB RESOURCES

### **CDC's Hepatitis Information Line (888) 443-7232**

Centers for Disease Control and Prevention

<http://www.cdc.gov/ncidod/diseases/hepatitis/index.htm>

A variety of information for both patients and providers on viral hepatitis, including educational materials that can be ordered in quantities, and slides that are available for presentation purposes.

Hepatitis Foundation International

<http://www.hepatitisfoundation.org>

Patient materials and audience informational and instructional videos on hepatitis in English and other languages.

American Liver Foundation

<http://www.liverfoundation.org>

Patient materials available in English and other languages available for purchase.

Hepatitis C Support Project

[www.hcvadvocate.org](http://www.hcvadvocate.org)

Patient and provider educational materials available to download, including a monthly newsletter publication and liver disease conference updates. Materials available in several languages.

California Hepatitis Resource Center

<http://www.hepatitisresources-calif.org>

A unique web site with focus on California resources by county, including News on the home page and educational materials on viral hepatitis.

Latino Organization for Liver Awareness

<http://www.lola-national.org>

Resources available to patients in Spanish on all forms of liver disease.

National Institutes of Diabetes and Digestive and Kidney Diseases (NIDDK/NIH)

<http://digestive.niddk.nih.gov/>

Simple and easy to understand patient information and brochures on hepatitis c and other diseases. Good brochures to share with family members and to have in medical offices.

NIH Consensus Development Conference on Hepatitis C

[http://consensus.nih.gov/cons/116/091202116cdc\\_statement.htm](http://consensus.nih.gov/cons/116/091202116cdc_statement.htm)

**HEPATITIS FOUNDATION**  
I N T E R N A T I O N A L

HIV and Hepatitis C.Com

<http://www.hivandhepatitis.com>

Accurate and timely information about treatment for HIV/AIDS, hepatitis B and hepatitis C, and co-injection with HIV/HCV and HIV/HBV.

Immunization Action Coalition

<http://www.immunize.org/>

Complete information on vaccination, including publication resources, handout materials, and disease and testing information.

National Center for Complementary and Alternative Medicine - Hepatitis C (NIH)

<http://nccam.nih.gov/health/hepatitis>

Great information on alternatives and hepatitis C.

United Network for Organ Sharing

<http://www.unos.org>

Great educational information and statistics for patients and providers on liver transplantation and other organs.

Transplant Living

<http://www.transplantliving.org/>

A web site specifically for patients, family members, and friends. Learn all about pre and post transplant, including nutrition and other helpful guides.

NIDDK Health Information on Weight Loss and Control/Nutrition

<http://www.niddk.nih.gov/health/nutrit/nutrit.htm>

Many patients with liver disease could benefit from improved diet. This is an excellent resource site for both patient and provider.

Hepatitis B Foundation

[www.hepb.org](http://www.hepb.org)

A good site on hepatitis B education and information, including calendar of events, newsletter, and important updated news and research.

OASIS Clinic

<http://www.oasisclinic.org/>

Good web site with slide presentations on substance abuse and hepatitis C, personal stories and on-line videos.

Veterans Administration Centers of Excellence on Hepatitis C

<http://www.va.gov/hepatitisc>

An excellent web site for patients and providers, including non-veterans, on hepatitis C.

National Library of Medicine – PubMed

<http://www.pubmed.org>

PubMed, a service of the National Library of Medicine, includes over 14 million citations for biomedical articles back to the 1950's.

Medscape from WebMD

<http://medscape.com>

Information for medical providers and patients, including CME programs and Ask the Expert.

GlaxoSmithKline (manufacturer of hepatitis B vaccine)

[www.gskvaccines.com](http://www.gskvaccines.com)

Merck & Co. (manufacturer of hepatitis B vaccine)

[www.merckvaccines.com](http://www.merckvaccines.com)

Roche (manufacturer of Pegasys interferon and Copegus ribavirin)

<http://www.pegasys.com>

Information web site for patients and providers about these medications and hepatitis C.

Schering (manufacturer of Peg-Intron interferon and Rebetol ribavirin)

<http://www.all-about-hepatitisc.com>

Information web site for patients and providers about these medications and hepatitis C.

Intermune (manufacturer of Infergen)

<http://www.intermune.com/wt/itm/infergen>

Procrit (Ortho Biotec)

<http://www.procrit.com>

Information site on Procrit for patients and medical providers

Epogen (Amgen)

<http://www.epogen.com>

Information site on Epogen for patients and medical providers
